Analysis by the Legislative Reference Bureau

STUDENT INFORMATION SYSTEM

Current law directs the Department of Public Instruction (DPI) to develop a proposal for a multiple-vendor student information system (SIS). DPI must submit the proposal to the Joint Committee on Finance (JCF) for its approval. If JCF approves the proposal, DPI must implement it and must ensure that information about pupils enrolled in charter schools and about pupils enrolled in private schools participating in a parental choice program (PCP) is collected and maintained in the SIS. Current law also provides that if the SIS is established, DPI must ensure that within five years, every school district and every charter school is using the SIS, and that every private school participating in a PCP is either using the SIS or is using a system that is interoperable with the SIS. Current law authorizes DPI to promulgate rules establishing a fee for use of the SIS.

This substitute amendment provides that if the SIS is established, DPI must ensure that within five years, every school district and every charter school, other than an independent charter school, is using the system. The substitute amendment also provides that, beginning in the 2015–16 school year, DPI must ensure that every independent charter school and every private school participating in a PCP is either using the SIS or is using a system that is commercially available, capable of providing the information required, and able to obtain pupil identification numbers. If the SIS is established, the substitute amendment allows DPI to promulgate rules establishing a fee for using the SIS.

Finally, the substitute amendment specifies that a private school participating in a PCP is not required to include in the SIS it is using information about pupils who are not attending the private school under the PCP.

SCHOOL AND SCHOOL DISTRICT ACCOUNTABILITY

Current law directs DPI, annually by September 1, to publish a school and school district accountability report that includes the following components:

1. Multiple measures to determine a school's performance or a school district's improvement, including pupil achievement and growth in reading and mathematics; measures of college and career readiness; and gaps in pupil achievement and graduation rates categorized by various factors.

2. An index system to identify a school's level of performance and annually place each school into one of five performance categories.

Current law provides that one year after an independent charter school or a private school participating in a PCP begins using the SIS or a system that is interoperable with the SIS, DPI must include the school in its school accountability report.

This substitute amendment eliminates all of the above provisions and establishes a school and school district accountability system, initially effective in

the 2015–16 school year, that is applicable to school districts, public schools, charter schools, and private schools participating in a PCP. The substitute amendment directs DPI to determine a school's and school district's performance in the following areas:

1. Pupil achievement in reading and mathematics.
2. Growth in pupil achievement in reading and mathematics, calculated using a value-added methodology.
3. Gap closure in growth in pupil achievement in reading and mathematics and in graduation rates.
4. Rates of attendance and of high school graduation.

The substitute amendment specifies the information about a school or school district that DPI may use to measure performance in each of the above areas. DPI's rating for each school and school district must be calculated with 25 percent of the weight given to each item listed above.

For a private school participating in a PCP, the substitute amendment directs DPI to use for each area only the information that pertains to pupils attending the private school under the PCP.

The substitute amendment requires DPI to issue an annual accountability report for each school and school district that grades the school's or school district's overall performance from A to F.

The substitute amendment directs DPI to provide a school or school district an opportunity to review a preliminary version of a report in order to correct errors.

For the first three school years of the accountability system (2015–16 through 2017–18), the substitute amendment requires DPI to issue a grade of F to at least 5 percent of schools.

The substitute amendment allows DPI to downgrade a school's rating if DPI determines that the percentage of pupils taking the statewide assessments is inadequate.

The substitute amendment directs the Legislative Audit Bureau annually to study DPI's methodology for calculating the performance of schools and school districts and report its findings each January to the appropriate standing committees of the legislature.

LOW-PERFORMING SCHOOLS AND SCHOOL DISTRICTS; INTERVENTIONS

Current law requires a school board and DPI to take certain steps if a school or school district is in need of improvement or among the lowest performing, as follows:

1. If DPI determines that a school district has been in need of improvement for four consecutive school years, the school board must:
 - a. Employ a standard, consistent, research-based curriculum that is aligned with the state's model academic standards;
 - b. Use pupil academic performance data to differentiate instruction to meet individual needs;
 - c. Implement a system of academic and behavioral supports and early intervention for pupils; and
 - d. Provide additional learning time to address the academic needs of pupils who are struggling academically.

2. If DPI determines that a particular public school has been in the lowest performing 5 percent of all public schools in the state in the previous school year and is located in a school district that has been in need of improvement for four consecutive school years, the school board must do the following in the school:

a. Use rigorous and equitable performance evaluation systems for teachers and principals.

b. Adopt a policy establishing criteria for evaluating whether the distribution of teachers and principals within the affected schools relative to the distribution of teachers and principals throughout the school district, based on their qualifications and effectiveness, is equitable. If the school board determines that the distribution is inequitable, the school board must eliminate those policies and constraints that prevent low-performing schools from recruiting, placing, and retaining effective teachers and principals, and provide additional support to teachers and principals.

c. Establish teacher and principal improvement programs.

d. Adopt placement criteria for principals that include performance evaluations and measures of pupil academic achievement.

3. If DPI determines that a school district has been in need of improvement for four consecutive school years, DPI may direct the school board to do one or more of the following in the school district:

a. Implement or modify activities enumerated for low-performing school districts above.

b. Implement a new or modified instructional design.

c. Implement professional development programs.

d. Implement changes in administrative and personnel structures.

e. Adopt accountability measures to monitor the school district's finances or to monitor other interventions.

4. If DPI determines that a public school is located in a school district that has been in need of improvement for four consecutive school years, and that the school has been in need of improvement for five consecutive school years or was among the lowest performing 5 percent of all public schools in the state in the previous school year, DPI may direct the school board to do one or both of the following in the school:

a. Implement a new or modified instructional design.

b. Create a school improvement council to make recommendations to DPI regarding improving the school.

This substitute amendment eliminates all of the above provisions (except those applicable to low-performing school districts), effective at the end of the 2017–18 school year, and substitutes the following:

Public schools

If DPI determines that a public school, other than a charter school, has received a grade of F for three consecutive school years, or has received a grade of F in three of five consecutive school years and a grade no higher than D in the other two school years, the school board must close the school or contract with a high-quality charter management organization (CMO) to operate the school as a charter school. (In the Milwaukee Public Schools [MPS], if the school board opts to contract with a CMO, the superintendent of schools, instead of the school board, enters into the contract

on behalf of the school district.) A CMO is considered high-quality if, in each of the two preceding school years, the improvement in the average scores of pupils attending each charter school operated by the CMO on state assessments in reading and mathematics was greater than the improvement in the average scores of pupils attending public schools in the school district in which the charter school will be located.

A charter school established under these provisions may not be an instrumentality of the school district and the school board may not employ any personnel for the school. The school board must pay the charter school operator, for each full-time equivalent pupil attending the school, at least 90 percent of the average per pupil cost for the school district.

The requirement to close a public school or contract with a CMO to operate the school as a charter school does not apply if DPI determines, based on information provided by the University of Wisconsin–Madison Value–Added Research Center, that the school demonstrates high-value added growth.

Charter schools

The substitute amendment provides that if DPI determines that a charter school has received a grade of F for three consecutive school years, or has received a grade of F in three of five consecutive school years and a grade no higher than D in the other two school years, the school board or entity that contracted for the establishment of the charter school must revoke the contract. If the charter school reopens as a private school, it may not participate in a PCP.

The substitute amendment provides, however, that a charter school's contract may not be revoked on the basis of grades received during the school's initial five school years. The substitute amendment also provides that a charter school's contract may not be revoked if DPI determines, based on information provided by the University of Wisconsin–Madison Value–Added Research Center, that the school demonstrates high-value added growth.

Choice schools

If DPI determines that a private school participating in a PCP has received a grade of F for three consecutive school years, or has received a grade of F in three of five consecutive school years and a grade no higher than D in the other two school years, DPI must issue an order permanently barring the private school from accepting any new pupils under the PCP. This requirement does not apply, however, if DPI determines, based on information provided by the University of Wisconsin–Madison Value–Added Research Center, that the school demonstrates high-value added growth. A private school barred from accepting new pupils may not reopen as a charter school.

Minimum percentage of low-performing schools

The substitute amendment requires DPI annually to issue a grade of F to at least 5 percent of schools. The requirement sunsets, however, at the end of the 2018–19 school year.

16 section, “school” means a public school, including a charter school, and a private
17 school participating in a parental choice program under s. 118.60 or 119.23.

18 (2) The department shall establish a comprehensive school and school district
19 accountability system beginning in the 2015–16 school year that includes all of the
20 following components:

21 (a) Multiple measures to determine a school's and school district's performance,
22 including all of the following categorized by English language proficiency, disability,
23 income level, and race or ethnicity:

24 1. Pupil achievement in reading and mathematics.

1 2. Growth in pupil achievement in reading and mathematics, calculated using
2 a value-added methodology that includes demographic controls.

3 3. Gap closure in growth in pupil achievement in reading and mathematics and
4 in graduation rates.

5 4. Rates of attendance and of high school graduation. The measure under this
6 subdivision shall include a measure of improvement in addition to a measure of
7 attainment.

8 (b) Measures to ensure that all data elements collected and calculations
9 performed are done consistently and in a uniform manner for all schools.

10 (c) A grading system to rate a school's and a school district's level of
11 performance as A, B, C, D, or F.

12 **(3)** The department shall do all of the following:

13 (a) Except as provided in sub. (6), annually grade the performance of each
14 school and school district under sub. (2) (c) and issue an accountability report for the
15 school or school district that is clear and easily understandable. The department
16 shall base the grade on data derived from at least 2 consecutive school years, and
17 from 3 consecutive school years when feasible. The grade shall be calculated with
18 25 percent of the weight given to each of the measures under sub. (2) (a).

19 (b) Annually issue a grade of F under sub. (2) (c) to at least 5 percent of schools.
20 This paragraph does not apply beginning in the 2018–19 school year.

21 (c) 1. Collect and disseminate the best practices from schools, except that the
22 department may not collect information for this purpose from a private school
23 participating in a parental choice program under s. 118.60 or 119.23 without the
24 private school's consent.

1 2. Identify opportunities to support and intervene in the public schools and
2 school districts that receive a grade of F under sub. (2) (c).

3 (d) Identify the accountability report for a private school participating in a
4 parental choice program under s. 118.60 or 119.23 as a choice school report and
5 specify in the report the number and percentage of pupils attending the school who
6 are attending under the parental choice program.

7 (e) Include a data component in a school or school district accountability report
8 for a school year only if the component includes data from at least 20 pupils in that
9 school year.

10 (f) Before issuing an accountability report for a school or school district under
11 this section, provide the school or school district an opportunity to review a
12 preliminary version of the report and correct errors.

13 (g) Include on the first page of a school's or school district's accountability report
14 all of the following:

15 1. Pupil-level data about pupils who are dropouts, as defined in s. 118.153 (1)

16 (b).

17 2. Pupil-level data about pupils who are suspended or expelled from school.

18 3. The number of advanced placement courses that are offered.

19 (4) Subject to sub. (4m) (a), the department may use only the following
20 information for each measure specified in sub. (2) (a):

21 (a) For measuring pupil achievement in reading and mathematics under sub.
22 (2) (a) 1.:

23 1. Scores on the reading and mathematics examinations administered under
24 s. 118.30, including scores on the alternate reading and mathematics examinations
25 administered to children with significant cognitive disabilities.

- 1 2. The disability status of pupils taking the examinations under s. 118.30.
- 2 3. The grade level of pupils taking the examinations under s. 118.30.
- 3 4. The race or ethnicity of pupils taking the examinations under s. 118.30.
- 4 5. The English proficiency status of pupils taking the examinations under s.
- 5 118.30.
- 6 6. The eligibility for a free or reduced-price lunch under 42 USC 1758 (b) of
- 7 pupils taking the examinations under s. 118.30.
- 8 7. The enrollment status and history of pupils attending the school or school
- 9 district.
- 10 (b) For measuring growth in pupil achievement in reading and mathematics
- 11 under sub. (2) (a) 2., the information under par. (a).
- 12 (c) For measuring gap closure in growth in pupil achievement in reading and
- 13 mathematics and in graduation rates under sub. (2) (a) 3., the information under par.
- 14 (a) and the information under par. (d). When measuring gap closure, the department
- 15 shall ensure that a subgroup with a sufficient number of pupils within a school or
- 16 school district is compared to the statewide performance of pupils who are not in that
- 17 subgroup.
- 18 (d) For measuring rates of attendance and of high school graduation under sub.
- 19 (2) (a) 4., the information under par. (a) and pupil-level data about pupils who
- 20 graduate from high school with a regular diploma within 4 school years and pupils
- 21 who graduate from high school with a regular diploma within 5 or 6 school years.
- 22 **(4m)** (a) Except as provided in par. (b), for a private school participating in a
- 23 parental choice program under s. 118.60 or 119.23, the department may use for each
- 24 measure specified in sub. (2) (a) only the information specified in sub. (4) that
- 25 pertains to pupils attending the private school under the program.

1 (b) If a private school participating in a parental choice program under s. 118.60
2 or 119.23 administers a nationally recognized, norm-referenced test to all pupils
3 attending the private school, the private school may submit to the department
4 achievement data derived from the test. The department shall submit the data to
5 the University of Wisconsin-Madison Value-Added Research Center, which shall
6 statistically equate the scores so that the department may use the data to measure
7 the achievement and growth of pupils attending the private school. The department
8 shall pay the center's costs from the appropriation under s. 20.255 (3) (fm).

9 (c) To the extent practicable, the department shall coordinate and integrate
10 data collection processes for private schools participating in a parental choice
11 program under s. 118.60 or 119.23.

12 (5) Each school shall provide a link on the home page of its Internet site to the
13 report issued by the department under this section.

14 (6) (a) If the department determines that there is insufficient data about a
15 school to grade its performance under sub. (3) (a) or that a grade under sub. (2) (c)
16 is inappropriate because the school serves children at risk, as defined under s.
17 118.153 (1) (a), the department may grade the school as satisfactory or needs
18 improvement. The department shall issue an accountability report for the school.

19 (b) If the department determines that the percentage of pupils in a school who
20 participate in the examinations administered under s. 118.30 is inadequate, the
21 department may use that as a factor in determining the school's grade under sub. (3)
22 (a).

23 (7) The legislative audit bureau shall study the department's methodology for
24 calculating the performance of schools and school districts for the most recently
25 issued accountability reports under this section and annually in January submit its

1 findings to the appropriate standing committees of the legislature under s. 13.172
2 (3).

3 **SECTION 16.** 118.125 (1) (bc) of the statutes is created to read:

4 118.125 (1) (bc) “Governing body” means the governing body of a school.

5 **SECTION 17.** 118.125 (1) (bL) of the statutes is amended to read:

6 118.125 (1) (bL) “Law enforcement unit” means any individual, office,
7 department, division, or other component of a school ~~district~~ that is authorized or
8 designated by the ~~school board~~ governing body to do any of the following:

9 1. Enforce any law or ordinance, or refer to the appropriate authorities a matter
10 for enforcement of any law or ordinance, against any person other than the ~~school~~
11 ~~district~~ governing body.

12 2. Maintain the physical security and safety of a ~~public~~ school.

13 **SECTION 18.** 118.125 (1) (f) of the statutes is created to read:

14 118.125 (1) (f) “School” means a public school; a charter school; or a private
15 school that is participating in a parental choice program under s. 118.60 or 119.23.

16 **SECTION 19.** 118.125 (2) (intro.), (c) 1., (cg), (ch), (ck), (cm), (d), (g), (i), (j) 2. and
17 3., (k), (L), (n) 1. and 2., and (p) and (3) to (5) and (7) of the statutes are amended to
18 read:

19 118.125 (2) CONFIDENTIALITY AND DISCLOSURE OF PUPIL RECORDS. (intro.) All
20 pupil records maintained by a ~~public~~ school shall be confidential, except as provided
